

**One-Page One-Shot: WARWOLF & LADY SIF**

Written by Wes Gift

**5 Panels**

**PANEL 1:** Nighttime. We see WARWOLF, wielding an energy rifle, and LADY SIF, carrying a sword in full view, making their way through the woods. The full moon glows in the sky above them.

**1 CAPTION:** The Forbidden Forest. Asgard.

**2 LADY SIF:** When I contacted Fury for backup, I did not expect him to send a monster.

**3 WARWOLF:** Well lady—

**PANEL 2:** Closer on Warwolf who smiles, flashing his sharp teeth.

**4 WARWOLF:** Sometimes it takes one to hunt one.

**5 LADY SIF (OFF):** Look!

**PANEL 3:** We are looking over Lady Sif's shoulder, down at the ground. She has placed her hand in a large footprint in the dirt. The footprint is bigger than her hand, with an opposable big toe.

**6 LADY SIF:** This thing must be massive.

**7 LADY SIF:** What do you think it could be?

**PANEL 4:** Warwolf squats down closer to the footprint, sniffing the air around it.

**SFX: SNIFF SNIFF**

**8 WARWOLF:** Well, I can tell you one thing...

**PANEL 5:** Looking up at Warwolf, who is now standing and gazes up at the stars above.

**9 WARWOLF:** Whatever it is, it's not from this realm.
