Written by Wes Gift

## 5 Panels

**PANEL 1:** Looking up at CAPTAIN AMERICA, leaning out of a chopper, flying above the city. We are looking at Captain America over JACK FLAG's shoulder, who is falling to the ground after being thrown from the chopper.

**1 JACK FLAG:** Cap!!!

**PANEL 2:** Reverse POV, now looking down at Jack Flag, falling to the street below. He is terrified.

**2 JACK FLAG:** Why?

**3 CAPTION:** Remember Captain America: Steve Rogers #1?

**PANEL 3:** We are now looking down at Jack Flag lying in a hospital bed, unconscious with a breathing tube strapped to his mouth. Most of his body is bandaged and confined to keep him from moving. DOCTOR and FREE SPIRIT stand next to his bed.

**4 DOCTOR:** He's in a coma, barely alive.

**5 DOCTOR:** I don't know if he's going to pull through.

**PANEL 4:** Free Spirit, now alone with Jack Flag, kneels next to his bed. She holds his left hand in hers.

**6 FREE SPIRIT:** Jack, if you can hear me—

**7 FREE SPIRIT:** I will find him. And when I do—

**PANEL 5:** Closer on Free Spirit, resting her head against Jack's left hand. A tear falls down her cheek as she grits her teeth.

**8 FREE SPIRIT:** Captain America will suffer for this!
